

Locking Storage/Charging Cart for Notebooks or Chromebooks

Model #DS-SUBCOMPACT-24

Item #14345

- Stores and charges up to 24 notebook PCs or Chromebooks (up to a 14" screen) on two shelves (12 per shelf), stored vertically
- Three-point locking system
- Rear locking door with access only to the power strips and cabling; allows fast, easy, secure set-up
- Power supply bricks plug directly into IEC adapted outlets. This removes 72 feet of cabling, making the installation/integration of the cart quicker and neater than any conventional cart (the unique Datamation Systems QUICK→SET feature).
- 24 power outlets; two always-on auxiliary outlets configured for any block plug use; single exit cord; external lighted on/off switch, IEC adapters included
- Molded cord wrap bracket for safety and convenience
- Additional equipment can be placed on top of cart
- Meets all applicable safety standards
- Four 4" medical grade wheels (all swiveling; 2 locking)
- Color-coded keying for front and back compartments
- Weight: 110 pounds (empty)
- Dimensions: 21.5"W (26"W with handle) x 21.5"D x 36"H
- Divider slot dimensions: 1.2"W x 14.5"D x 12"H
- Proudly made in the USA°
- Ships fully assembled except for wheels, handles and cord rewinder brackets; assembly tool included (approximately 10 minutes to complete)

Rear door: inside view of
QUICK→SET cable management
