

Secure Charging Cart for Notebooks, Chromebooks or Tablets

Rear door: inside view of QUICK→SET cable management

Model #DS-UNIVALT-30

Item #13597

- Secures and charges up to 30 notebook PCs (up to a 15" screen), Chromebooks or tablets on three shelves (10 per shelf), stored vertically
- Innovative and secure three-point locking system: simply *the most secure* cart of its type, *anywhere*
- Rear locking door with access only to the power strips and cabling; allows fast, easy, secure set-up
- Power supply bricks plug directly into IEC adapted outlets. This removes 108 feet of cabling, making the installation/integration of the cart quicker and neater than any conventional cart (QUICK→SET).
- 36 power outlets; two auxiliary outlets configured for any block plug use; single exit cord; external lighted on/off switch, IEC adapters included
- Molded cord wrap brackets for safety and convenience
- ABS fire-rated plastic dividers; removable and adjustable in ¼" increments
- Additional equipment can be placed on top
- ETL Listed for safety
- Four 5" medical grade wheels (all swiveling; 2 locking)
- Color-coded keying for front and back compartments
- Weight: 169 pounds (empty)
- Dimensions: 27¾"W x 24¾"D x 45½"H
- Slot dimensions: adjustable width, 17.25"D x 11.5"H
- Proudly made in the USA°
